

**MODIFICATION of
Cessation Order
MC-2010-42-10**

To the following Permittee or Operator:

Name: Wilhite & Associates, Inc.

Mailing Address: PO Box 826 Pleasant Grove Utah 84052-0826

Mine Name: Gulch Mine Permit Number: S/023/0087

Utah Mined Land Reclamation Act, Section 40-8-1 et. seq., *Utah Code Annotated (1953)*:

Notice of Violation No MC-2010-42-10 dated October 7, 2011.

is modified as follows: 1) By March 31, 2011, Provide a minimum of an additional \$1,300.00 of surety by April 1, 2011, or 2) By April 14, 2011, complete all reclamation work or 3) By March 31, 2011 submit an amendment to the approved Notice of Intent (NOI) and an application for bond release along with the supporting documentation showing that the disturbed area is one acre or lease and that the disturbed areas have been reclaimed.

Note: All reclamation must be done in accordance with the Utah Mine Land Reclamation Act and associated rules. R647-3-109 lists the reclamation practices for small mines, which includes removal of all deleterious materials, structures and equipment, in addition topsoil must be redistributed and the area seeded.

Reason for modification is: The Permittee claims that reclamation work was completed on part of the site. The Division wants to meet with the Permittee on site after snow melt to measure the disturbed areas and reclaimed areas.

Date of service/mailling: 1-18-11
